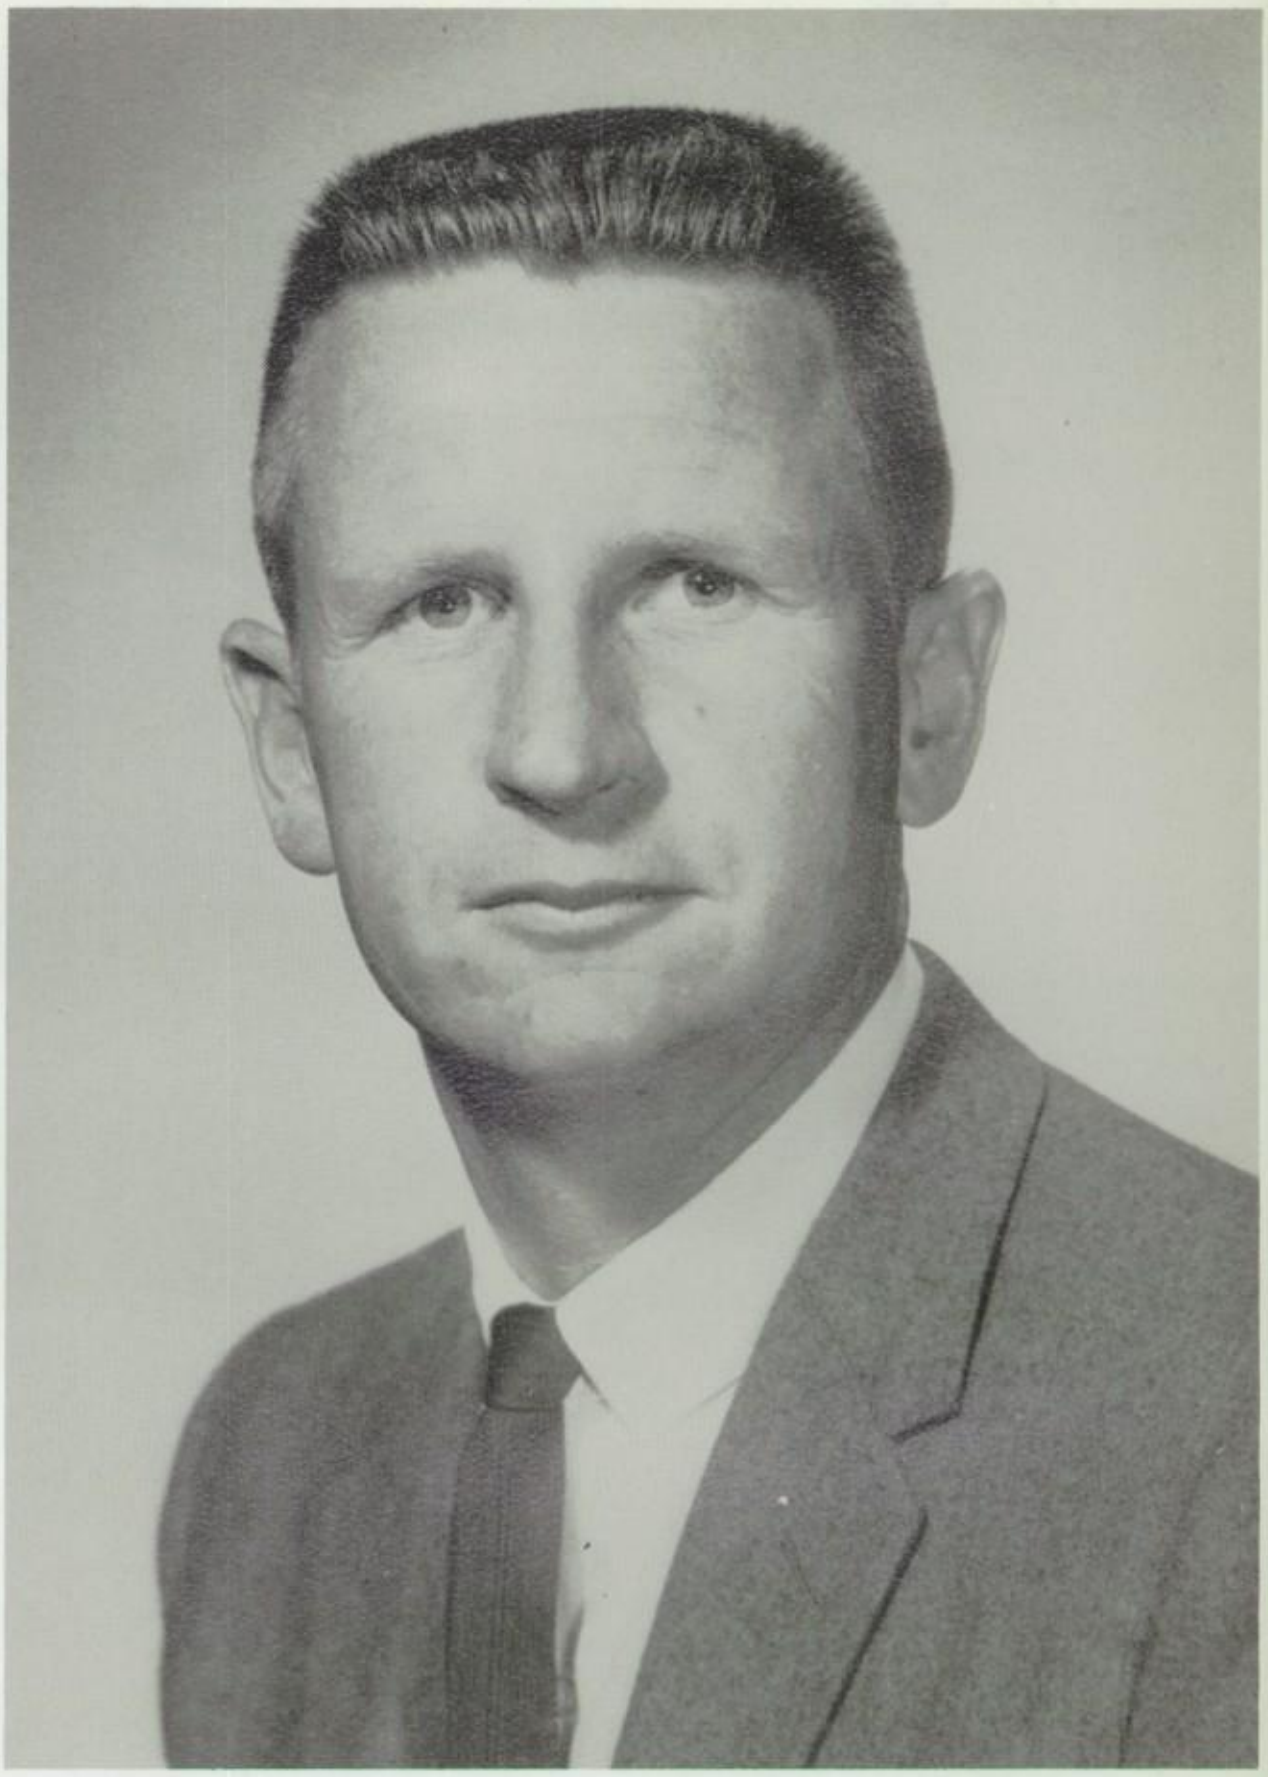
TARO GA '64



Dedication

In appreciation for his untiring efforts to boost the spirit of the students, the student body of Mission Bay High dedicates the 1964 Taroga to Mr. Paul Beck.

In addition to a full teaching and coaching load, Coach Beck has devoted endless hours to aiding the students in extra-curricular activities. He is perhaps best remembered for the outstanding job he did with the 1963 league-winning basketball team. Under his guidance the mighty Buc hoopsters won third place in the CIF eliminations.

This year Coach Beck switched his attention to a more difficult and perhaps more important job—that of ASB advisor. Starting immediately after spring elections in 1963, he worked through the summer to reorganize the ASB and has since devoted himself to the unselfish task of aiding and guiding our student body officers.

It is because of this selfless dedication to Mission Bay that we proudly and gratefully dedicate this Taroga to Coach Paul Beck.

Foreword

The nineteen sixty-three—sixty-four year is nearly over. The joys, trials, happiness, and heartaches are merely memories now, soon to be forgotten amid other memories of the years ahead.

But one thing about this past year will never be forgotten. The one thing that all will remember this year, the thing which sold so many MB pennants, the thing which sparked the dances, the thing which electrified the games, the thing which silently accompanied every test presented to the Buccaneers, during both curricular and extra-curricular activities, the thing which all will remember as the symbol of Mission Bay . . . SPIRIT!

Faculty

The first prerequisite for a good school is a good faculty. Mission Bay has one of the best.

Teaching is at best a tedious job, and it is generally a thankless one. But the teachers at Mission Bay tackle their jobs with a SPIRIT of determination which is inspiring. They dedicate themselves selflessly to instilling in the students a thirst for knowledge. They devote their hours and their energies aiding and preparing students for their entrance into the world as useful citizens. For this the students are irrevocably in their debt. All that can be said is "Thank You."

Mike -
Well school is finally over
but we've had a lot of fun in the
past few years. What with messing
around in English and lunchtime,
and playing handball we've had swell
times. English wouldn't have been the
same without you. I could always count
on a friendly word. Have fun this summer
in Mexico. Sure would be nice to go with you.
But we'll go somewhere, maybe next summer.
Best of luck to you, Mike, and may the most
that you hope for be the least that you get

A knife isn't the only devise used by the A.S.B. officers to solve up-coming problems.

A tittle party for the newly elected A.S.B. officers.

The installation of the A.S.B. Spring Officers brought together both the old and new officers, and showed the willingness of both to solve the many problems brought before each group.

RICHARDO HUNTER

Richardo Hunter, better known as "Ric" to the students of Mission Bay School, has brought great warmth and friendship from Panama, which is in the midst of a dispute with the United States. In many discussions of world affairs, Ric has offered several unknown viewpoints of the situation that has taken place and given the students at Mission Bay an insight into the problems of the world.

Yet, Ric has no harsh feelings for our American way of life. On his first day at Mission Bay, our varsity basketball team received a new first stringer, and the Key Club gained a new inspiration.

With the help of his fellow Key Club members, Ric entered the race for school vice-president, and won the position.

Ric also enjoys doing different things, some of these are often called "Typically American"; such as eating pizza, attending drive-in movies, dancing the twist, and participating in many other events enjoyed by the modern teenager.

We hope Ric will remember Mission Bay forever, because, we're sure that's how long Mission Bay will remember Ric.

ELIZABETH QUANTICK

Elizabeth Quantick, whose nickname is Ibby, has quickly grown accustomed to the leisure life of Southern California.

Ibby came to Mission Bay from Gwelo, where her home was a part of the Federation of Rhodesia and Nyasaland. But since then the Federation has split, and Gwelo is now a part of Southern Rhodesia.

Ibby is noted for her sense of humor and adaptability; which is shown in her enlarged wardrobe which contains bermudas and tennis shoes, and she has also learned to drink coffee, rather than the traditional tea.

One of Ibby's happiest moments was when she discovered she had won a part in the Senior Play. She has displayed her School SPIRIT at various games and joined many school activities.

There's only one thing that Ibby really wants, and that is an American accent, which she wants to take home to her friends.

But even if Ibby doesn't acquire an American accent, we hope she will take back many fond memories of Mission Bay High School as well as great memories of the United States.

When you think of high school, what do you see?
This is the picture that comes to me:
A high school is people—teenagers and all.
It's assemblies and classes and a rush in the halls.
It's panic at grade cards; it's black and gold;
It's thrills and excitement, they never grow old.
Suspense fills the hallways, and rivalry's keen.
All yearn for a scholarship; who will be Queen?
A high school means projects and clubs with their fun,
And everyone working till all tasks are done; (?)
Tense moments at ball games—Will we win or not?
That "Buccaneer" SPIRIT means more than we thought!
What is a high school? What is its story?
We've told it here in all its glory!

The emphasis in sports is supposed to be on the game, not on winning. But unfortunately, the value of a team is measured by the number of games it wins. Mission Bay did not have an outstanding season this year, if one is to count the number of games won. But if measured by the quality of the game played, this was a great season.

The team this year, coached by an able staff headed by Coach Spitler, and under team captain Gene Nelson, played good, and often outstanding games. They won three games, including the first league game won by a Mission Bay football team since 1960. Mission Bay had a team to be proud of this year.

Richard Vera
Team Captain

The Varsity Basketball team this year finished third in Western League competition. Headed by Coach Johns, our basketball team ended up with four wins and six losses in League play. The SPIRIT displayed at each game was outstanding and will be well-remembered by the Senior Class.

Coach Johns

The fine defensive and offensive playing by Richard Vera, team captain, was enjoyed by both spectators and friends. The excellent skills performed by Richard will make Mission Bay's Basketball team remain in Mission Bay SPIRIT forever. Thanks to Richard Vera and his team-mates for a wonderful year of basketball.

Junior Varsity

Even though our Junior Varsity Basketball Team did not do too well score-wise this year, their fine SPIRIT of sportsmanship made the Buc's proud of them.

The students of Mission Bay appreciate all the hard work and time that the boys on the Junior Varsity Basketball team have put in this year.

We are looking forward to seeing this fine group of boys on our Varsity next year.

The swimming and diving team offer the boy students of Mission Bay a chance to indulge in a sport that is very popular in a city so close to the ocean as San Diego. Team spirit is very high as the team members stand along the side of the pool and cheer their swimmers to breath taking victories.

Finis

This year is gone. It is only memories. But the SPIRIT remains. It is there for the classes to come. And it goes with the class which leaves, to aid them in all the trials to come outside the halls of Mission Bay.

I see you stand like greyhounds in the slips,
Straining upon the start. The game's afoot:
Follow your SPIRIT.
